## PROFILE

---

Frontend Developer with a solid engineering background and hands-on experience building modern, responsive web applications. Skilled in React, Next.js, JavaScript, and TypeScript, with a strong foundation in modern UI development, API integration, and component-based design. Brings six years of prior experience in Quality of Service Engineering, contributing strong problem-solving, analytical, and cross-functional collaboration skills.

## SKILLS

---

**Languages (Programming):** JavaScript (ES6+), TypeScript, HTML5, CSS3, SQL, Ruby

**Frontend:** React, Next.js, Vue.js, Tailwind CSS, SASS, Bootstrap

**Backend & APIs:** Node.js, Ruby on Rails, REST APIs

**Tools & Platforms:** Git, GitHub, Figma, Heroku, MongoDB

**Practices:** Responsive design, component-based architecture, UI/UX fundamentals

**Languages (Spoken):** English (Fluent), Arabic (Fluent), Dutch (Intermediate)

## EXPERIENCE

---

### **Freelance Independent Frontend Developer | Project-Based | Jan 2025 – Present**

- Built and iterated frontend projects using React, Next.js, JavaScript, TypeScript, HTML, and CSS
- Developed responsive, reusable UI components following modern frontend best practices
- Integrated REST APIs and managed client-side data flows
- Deployed and maintained applications using GitHub and modern hosting platforms
- Strengthened frontend expertise through hands-on, project-based development

### **Professional Development & Career Transition | Jul 2019 – Dec 2024**

- Combined parental leave with structured reskilling to transition into frontend and full-stack web development
- Completed a Frontend Development Diploma and an intensive Full-Stack Web Development Bootcamp
- Built multiple production-ready projects using React, Next.js, Ruby on Rails, and REST APIs

### **QoS Technical Support Engineer – Orange Telecom, Cairo, Egypt | Jun 2013 – Jun 2019**

- Reduced network downtime by 20% through improved monitoring processes
- Decreased recurring customer complaints by 15% by identifying and resolving root causes
- Improved operational efficiency and customer engagement by 30% through process optimization
- Collaborated with cross-functional teams to support and deploy system upgrades

## EDUCATION

---

### **Full Stack Web Development Bootcamp - Le Wagon | Oct 2023 – Dec 2023**

9-week intensive program covering Ruby on Rails, MVC architecture, Git/GitHub, and deployment

### **Frontend Development Diploma - OpenClassrooms | Jul 2019 – Apr 2020**

Training in HTML, CSS, JavaScript, React, and frontend best practices

### **Bachelor of Communication and Computer Engineering**

Faculty of Engineering, Cairo University — Cairo, Egypt

## PROJECTS

---
